GARDNERVILLE			FLOW (CFS)	REMARKS:										
GH 9.12	4:30 AM			The cold weather and ice are causing problems with the river gages. TMWA has had to shut off diversions to the power plants due to ice. TCID has had to shut off the canal diversions due to ice. We are reducing the Boca Rate Water release by 50 cfs this afternoon. The Tribe has also requested a temporary end to the Fish Water releases from Stampede through Boca due to the excess lower river water created by the canal shut down.
